#### WHAT IS A REFUND OF FRANKING CREDITS?

#### What are franking credits?

When you own shares or non-share equity interests in a company or when you invest in a managed fund, you may receive dividend distributions.

Dividends paid to you by Australian companies and some New Zealand companies are taxed under a system known as imputation. The tax paid by the company is allocated (or imputed) to you as franking credits attached to the dividends you receive.

#### When are franking credits refunded to you?

If the franking credits you receive exceed the tax you have to pay, you can claim this difference back as a tax refund. This is what is known as a refund of excess franking credits.

You may be entitled to a refund of the full amount of franking credits received, even if you don't normally lodge a tax return.

In this publication you will find an Application for refund of franking credits for individuals 2011.

You can fill in this application yourself following the simple step-by-step instructions, or with help from our free services (see inside back cover). If you are not familiar with some of the terms used, see **Definitions** on page 8.

## CAN YOU USE THIS APPLICATION FOR REFUND OF FRANKING CREDITS?

You must tick all the boxes to be able to use this application.

All the statements below relate to the income year 1 July 2010 to 30 June 2011.

You do <b>not</b> have to lodge a tax return. (If you are not sure whether you need to lodge a tax return, phone <b>13 28 61</b> .)
You were an Australian resident for tax purposes for the whole income year. (If you are not sure whether you were an Australian resident, see item 2 on page 3.)
You are <b>not</b> claiming a refund of franking credits for a deceased estate.
Your total dividend income was \$6,000 or less.  or  If you were under 18 years old on 30 June 2011, your total dividend income was \$416 or less.
You received dividends from shares (or non-share equity interests) in an Australian or New Zealand company.  or  You were entitled to distributions from investments in a managed fund.
Your dividend or distribution statement showed franking credits.  Statements from New Zealand companies must show <b>Australian franking credits</b> .  New Zealand imputation credits do not qualify.  or  You had amounts withheld from your dividends because you did not provide your tax file number (TFN).

If you have franking credits but you were not able to tick all the boxes, you will need to lodge a tax return to claim the benefit of these credits.

## CLAIMING YOUR REFUND OF FRANKING CREDITS

#### What do you do next?

You can apply for your 2011 refund of franking credits any time after 1 July 2011, either by phone or by post. To apply for a refund, fill in one of the applications at the back of this publication. You will need **all** your dividend and distribution statements for 1 July 2010 to 30 June 2011. The section **Completing your application** on the next page will help you fill in the application.

Before you start, read these frequently asked questions and answers.

#### FREQUENTLY ASKED QUESTIONS

For definitions of franking credits, dividend statement and other terms used below, see **Definitions** on page 8.

## Can I claim franking credits from previous years?

It's not too late to claim a refund of franking credits you received in the 2001 to 2010 income years. If you have not already claimed these credits, phone **13 28 61** to receive an application for the years you wish to claim. You can lodge these applications by phone or by post.

## Do I need to send my dividend or distribution statements to the Tax Office?

No. Keep your statements with a copy of your application.

#### According to my final dividend statement for the year ended 30 June 2011, my final dividend payment was made after 30 June 2011. The statement also shows a franking credit. In what year do I claim the franking credit?

You claim a refund of the franking credits (and declare the dividend as income) in the year in which the final dividend was actually paid, as shown in the statement (regardless of the year the statement relates to).

# The distribution statement from my managed fund shows capital gains, foreign source income and foreign income tax offsets. Where do I include those amounts?

If you don't need to lodge a tax return, don't worry about these amounts even if your statement tells you to include them at a specific item on the tax return. To process your application we need only the figures shown at 'franked amounts', 'unfranked amounts', 'franking credit' or 'TFN amounts withheld'.

# The distribution statement shows an unfranked dividend declared to be conduit foreign income. Where do I include this amount?

Show this amount on your application as an unfranked amount.

## Can I use this application to claim a refund for TFN amounts withheld or deducted from interest income?

No. You will need to lodge an income tax return to claim the TFN amounts withheld or deducted from interest income.

## I chose to reinvest my dividends. Can I still claim a refund of my franking credits?

Yas

# Can I use this application if I own shares or non-share equity interests in joint names with my spouse?

Yes. If you are eligible, you can use this application, stating only your share of the dividends and franking credits shown on the joint statement. If your spouse is also eligible to claim a refund of franking credits, they must complete a separate application or lodge a tax return, stating only their share of the dividends and franking credits shown on the joint statement.

#### Will the refund affect my pension entitlement?

No, in most cases it will not affect your pension entitlement. However, if you receive a distribution from a private company or trust, your pension entitlement could be affected.

#### I own shares in a New Zealand company. Am I entitled to claim all the franking credits in the dividend statement?

Not all New Zealand companies will pay dividends with Australian franking credits. You can only claim a refund of the Australian franking credits on the dividend.

You cannot claim a refund of any New Zealand imputation credits.

If you have paid New Zealand non-resident withholding tax on the dividend, the amount of franking credits that you can claim is reduced by any supplementary dividend.

# My dividend statement from a New Zealand company includes a supplementary dividend. Where should I include this amount?

Include this amount as an unfranked dividend. No franking credits are attached to supplementary dividends.

The instructions that follow will take you through each part of the application. Tear out one of the applications at the back of this publication and start with item 1 below.

The standards we use to determine your residency status are not the same as those used by the Department of Immigration and Citizenship. Generally, if you have always lived in Australia or you have come to Australia to live permanently, we consider you to be a resident for tax purposes.

If you need help in deciding whether or not you are an Australian resident for tax purposes, use our 'Are you a resident?' tool on our website at www.ato.gov.au or phone us on 13 28 61.

#### Item 11 Dividends

If you received a distribution statement from a managed fund or Australian franking credits from a New Zealand company, print X in the YES box.

- TFN amounts withheld or deducted from dividends (if applicable).

Your dividend or distribution statement should show these amounts.

A dividend statement from a New Zealand company will show the amount of Australian franking credits (if any) you can claim.

#### TOTAL DIVIDEND INCOME

Add up the amounts shown at S, T and U on your application and write the total at \$ TOTAL DIVIDEND INCOME.

#### NOTE

If you are 18 years old or older on 30 June 2011 and your total dividend income amount is more than \$6,000, or you are under 18 years old on 30 June 2011 and your total dividend amount is more than \$416. you cannot use this application. You will need to lodge a tax return to claim your refund of franking credits.

#### YOUR DECLARATION

Read, sign and date **Your declaration** on page 2 of the application.

#### INSTRUCTIONS FOR THE WORKSHEET

If you have more than one dividend or distribution statement, follow these steps to fill in the worksheet and calculate the amounts to show at item 11 on vour application.

#### STEP 1

Collect all the statements for dividends you received and for distributions you were entitled to for the period 1 July 2010 to 30 June 2011. Using steps 2 to 4, transfer the information from each statement to the appropriate columns in the worksheet below.

#### STEP 2

Print the company or fund name shown on your statement under Company or fund.

Write the amount of any unfranked (or supplementary), franked or franking credit amounts in the appropriate columns.

If your dividend is from a New Zealand company, and

- you paid New Zealand non-resident withholding tax on that dividend, and
- that company paid you a supplementary dividend then you must subtract the amount of that supplementary dividend from the amount of franking credits that you include in the worksheet.

Do not include New Zealand imputation credits in column 4 (only include Australian franking credits).

#### NOTE

If your statement does not show the franked and unfranked portions of the dividend, include the total dividend amount in column 3 Franked amount.

#### STEP 4

Write any TFN amounts withheld (or deducted) from dividends in column 5.

#### STEP 5

Add up the amounts in columns 2, 3, 4 and 5 and write the total for each column at TOTAL - S, T, U and V respectively on the worksheet.

#### STFP 6

Print X at the YES box at item 11 on your application, if you have received:

- any dividend distributions from a managed fund, or
- Australian franking credits from a dividend paid by a New Zealand company.

#### STEP 7

Transfer the amounts at S, T and U on your worksheet to S, T and U at item 11 on your application. Do not show cents.

#### STEP 8

Transfer the amount at **V** on your worksheet to **V** at item 11 on your application. Show cents.

#### **EXAMPLE**

Steven received a dividend statement from Teleco Ltd. His statement showed a franked amount of \$42.00 and a franking credit of \$18.00.

The statement below is just an example. There are many different formats of statements.

Teleco Ltd						
STEVEN McKAY 2 Cable Circle Telegraph Point NS	W 2441	_	reference number 12 111	Date paid 30 October 2010

Steven also received three other statements:

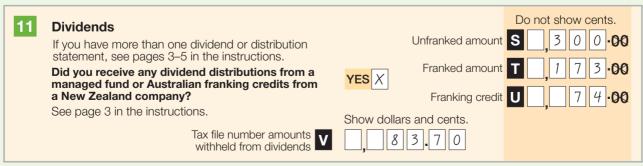

- JT Corporate Unit Trust his dividend statement showed \$120.73 unfranked amount.
- Koles Bier Pty Ltd he did not give the company his TFN so his entitlement of \$180 unfranked amount had \$83.70 tax withheld (therefore he actually received \$96.30).
- SDW Managed Investment Fund his distribution statement shows a franked dividend amount of \$131 and a franking credit of \$56.14.

Steven would complete the worksheet like this:

Transfer the totals for S, T and U to your application. Do not show cents. Transfer the total for V to your application. Show cents.

Steven completes the dividend details at item 11 on his application like this:

Steven will receive a refund of \$157.70 if he has no outstanding tax debts. This is made up of the amount withheld because he didn't provide his TFN (\$83.70) plus his franking credit (\$74).

<sup>\*</sup> This amount includes both the amount received by Steven and the TFN amount withheld (\$96.30 + \$83.70).

Australian corporate entities (that is companies, trusts and partnerships taxed as companies) deriving certain types of foreign income can declare all or a portion of an unfranked dividend to be conduit foreign income. Show any conduit foreign income as an unfranked dividend on your application.

#### **Distribution statement**

Managed funds or unit trusts send a distribution statement (also called a taxation statement) to investors. The statement may include unfranked dividends, franked dividends, TFN amounts withheld and franking credits.

#### **Dividend income**

If you own shares in a company, you will generally be paid a share of the company's profits as a dividend.

#### Franked dividend

Franked dividends are paid to shareholders (and holders of non-share equity interests) out of profits on which the company has already paid tax.

#### Non-share equity interest

From 1 July 2001, certain interests which are not shares are treated in a similar way to shares for tax law purposes. These interests are called non-share equity interests.
